patrick quinn

## DRIFT/COPY/PASTE poetics 1

- a. Select text fragments from social media feeds
- b. Hack on gathered words and phrases
- c. Construct tercets out of the textual rubble

Similar to the Dadaists, William S. Burroughs, and John Cage, I am interested in how aleatory operations—like the cut-up technique—can spur the development of new ideas about mediated culture and communication.

a text-based *dérive*.  
a glitch art process.  
an alternative approach to meaning-making.  
an oracle.
